## CONFERENCE PRESENTERS:

### **Berte Hirschfield, MSE**

Berte Hirschfield is retired from a career in new product development and market research. She is founder and serves on the boards of Keep Yellowstone Nuclear Free and Jackson Hole Child Care Helpers and has served on the boards of local and state organizations including Bennington College, Teton Literacy Center, Grand Teton Music Festival and the Governor appointed board of the Wyoming Arts Council. She is the founder of the Pediatric Audiology Project and the grandmother of two children with hearing loss.

### **Lou Hochheiser, MD, CEO, St. John's Medical Center**

Dr. Hochheiser, a Teton County, WY resident, is a family physician with extensive healthcare leadership experience. As the former Chief Medical Leader for a Fortune 100 healthcare insurance and services company, Dr. Hochheiser oversaw the work of a large team of physicians and clinical policy staff located throughout the country. Prior to that, Dr. Hochheiser was chair of the Departments of Family Medicine at Brown University and at the University of Vermont. He has also provided advice and expert counsel nationally to organizations across the health care spectrum, including hospitals and agencies focused on mental health, wellness and prevention.

### **Jane R. Madell, PhD, CCC A/SLP, LSLS Cert AVT Director, Pediatric Audiology Consulting**

Dr. Madell is an audiologist, speech-language pathologist, and LSLS auditory verbal therapist. Her clinical and research interests include hearing in infants and children, management of severe/profound hearing loss, including HA's, CI's, FM's, and auditory processing disorders. She has published five books, numerous book chapters, and articles. She presents nationally and internationally on topics related to hearing loss in children.

### **Martin S. Trott, MD, MMM, FACS Medical Director of Quality Affairs, St. John's Medical Center**

Martin S. Trott, MD, MMM, FACS attended the University of Rochester (BA '85, MD '89). He completed Otolaryngology-Head and Neck Surgery training at the Cleveland Clinic Foundation in 1994. He is Medical Director in charge of Quality Affairs at St. John's Medical Center and completed a Master of Medical Management at Carnegie Mellon University in 2012. His interests include Pediatric ENT, Allergy and Thyroid Surgery.

### **Kathryn Wilson, M.A., CCC-SLP, LSLS Cert. AVT First YEARS, Director**

Kathryn Wilson, M.A., CCC-SLP, LSLS Cert. AVT joined the UNC-Chapel Hill Division of Speech and Hearing Sciences faculty in 2008 and is the Director of First YEARS. She is a Speech-Language Pathologist, Teacher of the Deaf and LSLS Certified Auditory-Verbal Therapist with more than 30 years experience as an educator and therapist in public schools, private practice, home-based and clinical settings. Ms. Wilson has provided consultation and training to individuals, schools and families throughout the United States and internationally. She also mentors professionals pursuing certification in Auditory-Verbal practice.

*Presenter's financial and non-financial interests relevant to Managing Hearing Loss and Auditory Processing Disorders in Children Conference is posted at <http://klon35.wix.com/pediatricaudiologyproject#disclosures>*

# Learning Outcomes

## Participants will be able to:

- Describe the differences in developmental, delayed and remedial learners in listening and spoken language practice.
- Explain the roles and responsibilities of public school professionals and parents.
- Describe factors that impact school success.
- Describe and develop appropriate short and long-term plans.
- Demonstrate knowledge of integrated lesson plans; academics, speech, language, and listening.
- Compare and contrast auditory processing disorders in children to other issues including hearing loss and language delay/disorder.
- Identify the components of assessing auditory processing disorders.
- Identify the roles of different professionals working with children with auditory processing disorders.
- Describe components of a management program for children with auditory processing disorders.
- Plan therapy for children with auditory processing disorders.

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Colorado Medical Society through the joint sponsorship of Wyoming Medical Center and St. John's Medical Center. Wyoming Medical Center is accredited by the Colorado Medical Society to provide continuing medical education for physicians. Wyoming Medical Center designates this live activity for a maximum of Up to 5 AMA PRA Category 1 CME credit(s)<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity. Up to 5 credits of AMA PRA Category 1 credits<sup>™</sup> may be earned.

PTSB Professional Development Credits 15
